DETAILED ACTION

Specification

The disclosure is objected to because of the following informalities: In claim 17
the claim limitation, the processing of the first and second sensor signals
including averaging at least one of the first and second sensor signals is not
disclosed.

Appropriate correction is required.

Claim Objections

2. Claim 17-31 are objected to because of the following informalities:

Specifically claim 17 is objected to because calculating a temperature of the target medium by processing the first and second sensor signals in a manner that is independent of the radiation transmission losses and the wavelength-dependent emissivity of the target medium, the processing of the first and second sensor signals including averaging at least one of the first and second sensor signals is not disclosed. Appropriate correction is required.

Allowable Subject Matter

3. Claims 1-16 are allowed.
